

# OHIO DEFERRED COMPENSATION

OHIO PUBLIC EMPLOYEES DEFERRED COMPENSATION PROGRAM

**OHIO DEFERRED COMPENSATION  
REQUEST FOR PROPOSALS (RFP)  
FOR A 457(B) PLAN  
FOR  
Application Modernization Consulting Services**

**ADDENDUM – CORRECTIONS AND ADDITIONAL INFORMATION**

**ISSUED 06/16/2014**

**REVISED: 06/19/2014**

# OHIO DEFERRED COMPENSATION

OHIO PUBLIC EMPLOYEES DEFERRED COMPENSATION PROGRAM

## Correction for Declaration of Material Assistance Form

In section E.1.4.13 *Declaration of Material Assistance*, a link was provided to obtain the required form. This link is no longer valid. The vendor can obtain the form at <http://scr.ohio.gov/Portals/0/PDFs/Material-assistance.pdf>.

## Correction to Section A.4.13

The last sentence in this in this section should read as follows:

**The plan must detail week-by-week, day-by-day, and in some cases hour by hour activities.**

## Two wave approach

During the development of the Recordkeeping System Modernization Roadmap, it was decided that the project would be divided into two waves. The first wave would include the design and build of the part of the application responsible for all outputs (reports, letters, etc.). The second wave would include the design and build of the input related parts of the application. This approach collapses the development by overlapping some phases of wave one and wave two. However, the entire application will go live at the end of the project. The high level project timeline can be found in table A1.

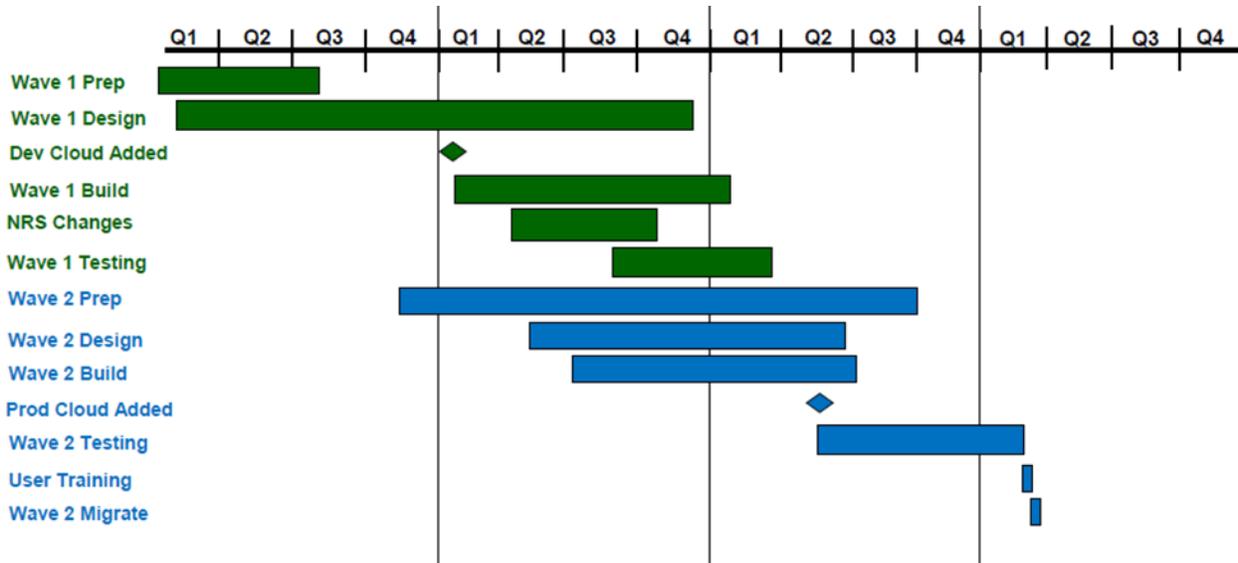

Table A1

## Cloud RFP process

The proposal for this RFP does not include the procurement of the cloud vendor. Ohio DC will develop a second RFP for this purpose in 2015 since the virtual private cloud will not be utilized until the beginning of 2016 (year two of the project). If the vendor

# OHIO DEFERRED COMPENSATION

OHIO PUBLIC EMPLOYEES DEFERRED COMPENSATION PROGRAM

requires any additional hardware and /or software as a part of their proposed solution, they will be responsible for its procurement

## Alternate Bids Explanation

Ohio DC expects to receive only one proposal from each vendor. Although Ohio DC has a strong preference for the use of onshore resources, the vendor may suggest an alternative staffing model that includes the use of near shore or offshore resources. If so, the vendor should include information identifying the differences resulting from the proposed alternative staffing model within the original proposal. All information related to an alternate staffing model must be clearly identified. The alternative cost structure should be included in the cost proposal and should be clearly identified as an alternative.

## Software Inventory

A proposed new software inventory list was developed as part of the modernization roadmap. However, this information was inadvertently left out of the original RFP. The inventory information is in table A20 below.

Development Phase Quantity	Production Phase Quantity	MFG. Part #	Description
<b>Software List</b>			
2	2	7JQ-00338	Microsoft SQL Server 2012 Enterprise Edition
1	0	ER9SENPDT00 NAG6	CA Erwin Standard edition r9, plus 3 Years Enterprise Maintenance
14	0	NAG6	Microsoft Visual Studio Professional with MSDN Subscription
0	12	L5D-00159	Microsoft Visual Studio Professional with MSDN Subscription Renewal
1	0	125-01188	Microsoft Team Foundation Server 2012 (TFS) Server
10	8	126-01681	Microsoft Team Foundation Server 2012 (TFS) CAL
10	30		Microsoft Internet Explorer
1	1		WinSCP

**Table A2**

## Procurement Assistance

Please note that during the RFP process, any agent working on behalf of Ohio DC shall be considered the same as Ohio DC.

## Part B Offeror Response to Project Scope

The text under the heading "PART B OFFEROR RESPONSE TO PROJECT SCOPE" on page 45 of the RFP should read as follows: PART B of the offeror's proposal will contain the offeror's response to the project scope identified in Part C of this RFP. Part B of the offeror's proposal will also contain the offeror's response explaining how the requirements for the current functionality listed in Attachment A of this RFP will be included in scope.
