Benefits and Services

Nearly every day, we hear from long-time public employees who say, “I wish someone had told me years ago about Ohio Deferred Compensation so I could have started saving earlier.” This is usually right after they’ve been introduced to all the tools and services that Ohio DC offers. Just a few of the benefits of Ohio DC include:

- It’s easy, tax deferred and flexible. Deferrals are payroll deducted prior to federal and state tax withholding and the deferrals can be changed throughout the year.
- Your money is available when you separate from your employer. There is NO penalty for withdrawals prior to age 59 1/2.
- Tools and calculators to help you determine how much you need to save
- Automatic annual deferral increases with the SMarT Plan
- Retirement planning help
- Videos and webinars
- Newsletters
- Retirement basics

And when we say it’s easy to start saving with Ohio DC, we’re not kidding. All participants have to do is enroll, choose how much they want to save from each paycheck and then let their money go to work for them.

Let us know what we can do to help your employees save for retirement. If you’re already encouraging your staff to save, what can Ohio DC do to support your efforts?
