## Celebrating 40 Years

Ohio Deferred Compensation has been serving the savings and retirement needs of public employees since 1976. Throughout our 40 years of trusted service, Ohio DC has grown to serve more than 1,800 employers and 210,000 participant accounts. Our participants have accumulated more than \$11 billion in retirement savings, making the Ohio DC Program one of the largest in the country. Together, we've seen many changes over 40 years, as the Program has continued to improve, providing employers and their staff with a trustworthy, low cost, supplemental retirement program for lifelong savings. Help us celebrate our 40th anniversary by continuing to inform your staff about Ohio Deferred Compensation and what we can do for them!

Join with us in encouraging your employees to explore our wide variety of tools and resources, including:

- Retirement Planning Specialists
- Hassle free investing through LifePath Portfolios
- Online calculators
- Webinars
- Recently relaunched mobile-responsive website
- Instructional videos

We also offer employers the opportunity to electronically transmit employee data and contributions through the Ohio Business Gateway, and to provide automatic enrollment and contribution increases for new employees. Please contact us for more information about these services.

Thank you for your participation in the Ohio Deferred Compensation Program!
