

OHIO DEFERRED COMPENSATION

Expanded eDelivery Options Now Available

Ohio DC has expanded eDelivery options to include several new features. In the past, Ohio DC eDelivery provided email notifications when your quarterly statement was available, but now you will also be able to receive emails for transaction confirmations and when tax forms are available. You can choose to receive any of the following through eDelivery:

- Quarterly Statements
- Transaction Confirmations (details regarding changes you have made to your account, such as contributions, exchanges, etc.)
- Tax Forms (1099-R)

To manage your eDelivery preferences, you will need to login to your Ohio DC online account and then click on “My Profile.” Next you will select “eDelivery Preferences.” After the “eDelivery Preferences” page is open, you can click on “Yes” to receive any of the three options available. Once you have selected the communications you want to receive through email, click save.

If you would like to confirm or update the email address where your eDelivery selections will be sent, you can click on “My Profile.” Next you will select “Personal Information.” You will see your email address used for Ohio DC communications displayed on the screen with an option to edit it. Please note, this email address will be used for eDelivery notifications. The email address you selected as your Account Recovery Email Address can be found and edited under “Login Credentials.”
